

Stay hydrated, stay safe

Hands-free select and dispense

The solution that keeps you safely hydrated

We realise more than ever that protecting your people is paramount. That's why we've produced a contactless solution to help you achieve heightened safety from infection in the workplace.

Simply fits to your existing WL7FW dispenser to provide contactless access to the same clean, great-tasting water you've always enjoyed.

There is no need to touch buttons or dials, meaning less opportunity for germs to spread between users.

Hands-free dispensing, combined with social distancing measures and the powerful combination of Firewall® UVC purification and BioCote® antimicrobial protection ensures you and your workforce are as safely hydrated as possible.

- **Simple retro fit by our qualified technicians means no need to replace your current dispenser**
- **Intuitive no-hands functionality**
- **Easy to use, press and hold foot pedal to dispense water**
- **No additional charge, simply extend the length of your contract**

Better water, better thinking,
better for you, better for the planet

Simple to use

The two pedal system allows you to toggle water types and operate water dispense, ideal for the WL7 Firewall® dispenser.

Providing unrivalled water purity and hygiene for your workforce when you need it most. Simply add to your existing monthly payment to enjoy hands-free access to fresh, clean water.

Peace of mind

The hands-free solution is part of a range of consumables and accessories that provides all the tools you need to help you achieve hygiene in the workplace. Contact us to find out more.
