

Stay hydrated, stay safe

# Hands-free select and dispense

The solution that keeps you safely hydrated

We realise more than ever that protecting your people is paramount. That's why we've produced a contactless solution to help you achieve heightened safety from infection in the workplace.

Simply fits to your existing WL7FW dispenser to provide contactless access to the same clean, great-tasting water you've always enjoyed.

There is no need to touch buttons or dials, meaning less opportunity for germs to spread between users.

Hands-free dispensing, combined with social distancing measures and the powerful combination of Firewall® UVC purification and BioCote® antimicrobial protection ensures you and your workforce are as safely hydrated as possible.

- **Simple retro fit by our qualified technicians means no need to replace your current dispenser**
- **Intuitive no-hands functionality**
- **Easy to use, press and hold foot pedal to dispense water**
- **No-hassle set up, add to monthly rental**

Better water, better thinking,  
better for you, better for the planet

## Simple to use

The two pedal system allows you to toggle water types and operate water dispense, ideal for the WL7 Firewall® dispenser.

Providing unrivalled water purity and hygiene for your workforce when you need it most. Simply add to your existing monthly payment to enjoy hands-free access to fresh, clean water.

## Peace of mind

The hands-free solution is part of a range of consumables and accessories that provides all the tools you need to help you achieve hygiene in the workplace. Contact us to find out more.
